Little Loomed Tote

By: Authentic Knitting Board

This cute, knit tote bag, made on a knitting board, is a great project for beginners. Complete a festive bag that's perfect for celebrating the 4th using the basic stockinette stitch.

Finished Size: 10" X 8" X 4"

Stitch Stockinette throughout
Gauge 3sts=1" 4 rows=1"

Materials:

- 10 inch Knitting Board
- 100% Wool Brown Sheep Bulky

Instructions:

Front and Back of the Bag

1. Make (2) pieces for front and back of bag. Front and Back of bag are the same.

2. Cast On (30) sts. Do (1) circular (wrap down board and return) in stockinette, then place anchor yarn across sts. (This is done by laying contrasting color yarn between boards with ends dangling at each end.) Do 2nd circular. Now you have (2) wraps on each needle. Hook bottom wrap over top. Your stitches are now cast on.
3. Continue in stockinette st for (24) rows.
4. Bind off with crochet hook. (Start at end of board without yarn. Slip crochet hook through 1st st, front and back, and 2nd st front. There will be 3 loops on crochet hook. Drag (1) closest to hook thru (2). Pick up next (2) loops.
5. Drag (1) thru (2). Continue to end of sts, and your knitted piece is off the board. Pull tail end of yarn thru last loop for a knot.

Sides of Bag

1. Make (2) Cast On (12) sts. Don't forget the anchor yarn.
2. Continue stockinette for (24) rows
3. Bind off with crochet hook.

Bottom of Bag

1. Make (1) Cast On (12) sts. Don't forget the anchor yarn.
2. Continue knitting (30) rows.
3. Crochet off.

(Hint) If you like a very heavy bottom, You can make this with a double strand of yarn. This will result in very dense, tight knitting)

Straps

1. Make (2) CO (10) sts. Don't forget the anchor yarn.
2. Knit (32) rows in stockinette stitch.
3. Bind off with crochet hook.

11 Free Knitting Patterns for the 4th of July

Sewing it All Together

1. Finish off all pieces by crocheting the sts at the anchor yarn. Do this same as the top crochet edge. Once the edge is complete, you can pull out the anchor yarns.
2. Sew the pieces of bag together in top stitch. Use the matching yarn for sewing. Top stitch is done by laying the (2) pieces together with matching edges. Sew in and out from one side of knitted pieces, as you would do in basting a seam. Take little bites for a nice tight edge. This creates a ridge at the seams, and makes the little bag stand up. Start by sewing the edges of the front and back to the bottom piece, long sides.
3. Then, you can sew the 'short edge of side of bag' to bag bottom (short side). Then continue up the sides, front and back to sides. This will give you the basic bag.
4. Pull all the sewing tails into the bag with crochet hook. By tucking them in between the double knit, they will never be seen.

Adding the Straps

1. Fold each strap lengthwise. Sew long edges together in whip st. (Let your yarn wrap around the top of the edges) This will make an invisible seam.
2. Sew one strap to bag front approx 2" from side seam on each end. Sew the other strap to bag back at same location. This can be sewn with a whip st to top of bag. Tuck all ends into double knit.
3. Be sure your top edge of bag is a smooth finish.
4. Your little tote bag is ready for service.

Optional: You may also line the bag with colorful jersey knit, and hand whip the edge of lining to top of bag. This will make it ready for heavier goods without pulling on the knit.

- Base board bottom
- Knitting Needle: 7 or 4.5mm

Gauge: Seed stitch: 4 sts per 1 in.

seed stitch = knit 1, purl 1

Instructions:

Body:

Cast on 77 stitches using US #7 (4.5mm) 16" or 20" circular needle

Round 1 k 1, p 1.

Using the seed stitch (k 1, p 1), begin with the 1st

cast-on stitch. At the end of the first row, join stitches. Make sure circular needle is straight and that stitches are not twisted. You will be forming a complete circle by attaching the ends together with the first stitch.

Round 2: p 1, k 1

Continue using the seed stitch until the **body** measures 6 in. high. You will have made a tube shape.

Bind off using the seed stitch pattern until there are 11 stitches left. These stitches become the base of the closure flap of the bag.

Closure:

Continue with the seed stitch pattern for 7 additional rows. Decrease 1 stitch at the beginning and end of each of the remaining rows until there are 3 stitches left.

Cut the cord leaving 24 in. Draw the cord through the remaining 3 stitches.

Using the remaining cord and the Size 1 crochet hook make a 4 in. chain and attach it to the bottom part of the flap creating a loop.

The Button:

Lay bag flat on a table. Attach the button to the middle front of the bag so that it will coordinate with the loop on the flap.

Weave in all loose ends with the crochet hook.

Handles:

Make two patches as follows:
Cast on 18 stitches. Using the garter stitch (knit every row) continue for 12 rows. Each patch will measure approximately 1 in x 3 in.

Whip stitch the top edge of one patch near the top inside center of the bag. Place one of the handles between the patch and the inside body of the bag and whip stitch the bottom of the patch in place. Repeat on opposite side.

11 Free Knitting Patterns for the 4th of July

Pin bottom in place, then whip stitch the bottom to the round end of the body tube.

Place drawstring liner inside and enjoy!

Shoulder Strap (Optional):

Knit: Cast on 5 stitches and use seed stitch to create strap about 40 in. long. Secure strap to inside of the baseboard and to top edge of bag.

American Flag Loom Knit Hat

By: Michael Sellick

Make a patriotic American flag hat with this loom knitting from Michael Sellick. Now even little ones can celebrate in style!

Materials:

- Standard Round Loom 31 Peg Loom - Most Good Crafting Stores and Huge Retailers will have these looms. They are usually provided in a standard package of 4 Size Looms.
- 3 colors of yarn: Red, White & Blue. Ensure each colour is in the same family of brightness and color tones. Yarn used was Bernat 4 Ply Worsted.

TIP: Due to the gauge (space between pegs). You need to wrap each row twice. You can either wrap two same color yarns together at one time, or simple double wrap (going around the loom twice for each row). 1 Wrap or 1 String will produce poor results and a very loose.

We are going to use the Twisted Knit Stitch during this entire project. Numbers in front of each description represents rows. I divide the project into two. You are creating the brim in part 1, then body in part 2

Starting With the Brim Creation

1. Cast On Using Eyelash yarn BLUE Yarn. E-WRAP every peg and circle the loom twice

to complete 1 row of work, the KNIT. This doubles up the yarn producing store quality looks and texture.

2. E-Wrap Again twice, and then knit.
3. E-Wrap Again twice, and then knit.
4. E-Wrap Again twice, and then knit.
5. E-Wrap Again twice, and then knit.
6. E-Wrap Again twice, and then knit.
7. E-Wrap Again twice, and then knit.
8. E-Wrap Again twice, and then knit.
9. E-Wrap Again twice, and then knit. Then tie off BLUE yarn by tying a knot firmly but loose enough to knit with on the last peg used. You are using Frosty throughout project, do not tie that off.
10. Tie on RED & WHITE YARN on the starting peg of the rotation. E-Wrap entire loom ONLY ONCE Frosty and Red Together. Then look at project, follow knitting line down from the peg, fold up and place the very bottom of the corresponding section onto the peg. At this time you will have 2 strings from the original BLUE on the peg, 2 strings from RED & WHITE, and then 2 strings (BLUE) from the bottom of the work due to the folding up. KNIT over the peg sending the RED & WHITE OVER FIRST, FOLLOWED BY THE BOTTOM 2 BLUES SECOND. This will leave on the legs the bottom sections that were placed onto the peg. IT IS IMPORTANT THAT YOU GO IN THE ORDER AS MENTIONED... if you change up the order, the brim seam will look different for each knitted peg.

The Body of the Hat

1. Using WHITE ONLY, E-WRAP Loom Twice, Then Knit. Do not cut string or cast off Red. Be sure to check when wrapping that the string you are not using is sitting in a part of the pegs.

11 Free Knitting Patterns for the 4th of July

2. Repeat above and then set the white off off the loom.
3. Pick up RED, WRAP twice, then KNIT
4. WRAP TWICE, THEN KNIT, set the red off to the side as you did with the white.
5. Pick up WHITE, WRAP TWICE, THEN KNIT
6. WRAP TWICE, then knit, and let white off to the side.
7. Pick up RED, WRAP TWICE, then knit.
8. WRAP TWICE, then knit... and let red off to the side.
9. Pick up WHITE THEN WRAP TWICE, then knit.
10. WRAP TWICE, then knit, and let white off to the side. TIE off WHITE onto the last peg. you are done with white.
11. Pick Up Red, Wrap Twice Then Knit
12. Repeat
13. Repeat
14. Cast Off Using Sewing Needle picking up each loop sliding the needle from the bottom of the peg up under the loop and sliding loop onto the string. Picking up all the loops as you go. Once all loops are picked up, loom will come free of project. pull string tight which causes the top of the hat to form. Sew shut with 3 really tight loops over the top of the hat. Then slide needle through the top of the project. Turn hat inside out and tie string off.

American Flag Loom Knit Hat: Version 2

By: Michael Sellick

Make a patriotic American flag hat with this loom knitting from Michael Sellick. Version 2 is done in vertical stripes, rather than horizontal stripes.

Materials:

- Standard Round Loom 31 Peg Loom - Most Good Crafting Stores and Huge Retailers will have these looms. They are usually provided in a standard package of 4 Size Looms.
- 3 colors of yarn: Red, White, and Blue. Ensure each color is in the same family of brightness and color tones. Yarn used was Bernat 4 Ply Worsted.

Tip: Due to the gauge (space between pegs). You need to wrap each row twice. You can either wrap two same colour yarns together at one time, or simple double wrap (going around the loom twice for each row). 1 Wrap or 1 String will produce poor results and a very loose look that is sloppy looking.

We are going to use the TWISTED KNIT STITCH during this entire project. Numbers in front of each description represents rows. I divide the project into two. You are creating the brim in part 1, then [body](#) in part 2

Starting With The Brim Creation

1. Cast On Using BLUE Yarn Only. E-WRAP every peg and circle the loom twice to complete 1 row of work, the KNIT. This doubles up the yarn producing store quality looks and texture.
2. BLUE ONLY, WRAP TWICE, then Knit.
3. Repeat
4. Repeat
5. Repeat
6. Repeat
7. Repeat
8. Repeat
9. Repeat - TIE OFF BLUE on the last peg.
10. Tie on RED & White to the starting peg of the round. E-Wrap entire loom ONLY ONCE. Then look at project, follow knitting line down from the peg, fold up and place the very bottom of the corresponding section onto the peg. At this time you will have 2 strings from the BLUE on the peg, 2 Strings of Red & White, and then 2 Blue strings from the bottom of the work due to the folding up. KNIT over the peg sending the RED & WHITE YARN OVER FIRST, FOLLOWED BY the two bottom BLUE YARN SECOND. This will leave on the pegs the bottom sections that were placed onto the peg. IT IS IMPORTANT THAT YOU GO IN THE ORDER AS MENTIONED... if you change up the order, the brim seam will look different for each knitted peg.

The Body of The Hat

1. Using WHITE, E-WRAP TWICE starting at the first peg. JUMPING OVER OTHER PEG! SECURE THE LAST PEG by knitting it...but don't knit anything else yet. E-WRAP TWICE using RED, FILLING IN ALL THE PEGS YOU left blank. This will cause two white stripes to be in a row at the back of the hat. Due to the odd number of pegs on the loom, you have no choice but do this this. Secure the final peg of the Maroon. NOW KNIT ENTIRE LOOM.

2. repeat (just a note, the stripes are vertical to each other... so where there's a peg with white on it, the next time you circle over the loom, the colours of what you are wrapping should be the same as the new line. So if you wrapped a maroon string around a peg with white string, you know you have done it wrong.
3. repeat
4. repeat
5. repeat
6. repeat
7. repeat
8. repeat
9. repeat
10. repeat
11. repeat
12. repeat
13. Cast Off Using Sewing Needle picking up each loop sliding the needle from the bottom of the peg up under the loop and sliding loop onto the string. Picking up all the loops as you go. Once all loops are picked up, loom will come free of project. pull string tight which causes the top of the hat to form. Sew shut with 3 really tight loops over the top of the hat... then slide needle through the top of the project. Turn hat inside out and tie string off.
