Letter from the Editors

Dear Knitters,

I truly believe that behind every good and caring person in this world, there is an equally devoted and compassionate mother. Mom has always been someone to look up to; someone to come to for comfort; someone with an overflowing source of wisdom that we're always dying to tap into. This Mother's Day, isn't it time you showed your mom just how special she is?

Inside our latest eBook, *Mother's Day Crafts for Adults: 9 Easy Knitting Projects for Mom*, you will find nine free knitting patterns that would all make wonderful gifts for Mom. From easy projects like the Classic Beginner's Hat on p. 19, to more advanced patterns like the One Shoulder Shawl on p. 9, knitters of every skill level will be able to find a suitable project to make for Mom.

Is your mom a girly girl at heart? Pamper her by creating a handknit lace shawl that's both elegant and practical. Was your mom the one who always remembered everything, down to the last detail? Say "thank you" by making her some cozy knit legwarmers or a stretchy ribbed hat. She'll appreciate it during winter, and will remember when she used to hand a hat to the child version of you before you headed outdoors to play with friends.

So if you want to give mom something other than just a gift card this year, use one of the free patterns collected in this eBook. The *Mother's Day Crafts for Adults: 9 Easy Knitting Projects for Mom* eBook has something to offer every type of mother.

4. Fold knitted item in half with RS together so that cast on and top edges meet and sew side seams using the knitting yarn.
5. Turn the knitted case so the RS is facing. Insert the lining fabric inside the case and pin down the fabric to the wrong side of the knitted item with wrong sides together. Fold the seam allowance at the top of the case to match the edge of the knitted item and sew together. With sewing thread, sew fold at bottom of lining to fold of knit piece.

7. With a sewing thread sew around the outer openings to create little pockets, (sewing together the knitted item and the lining fabric - take extra care not to sew to the other side of the case by mistake).

Lining - advanced version (internal divisions)

1. The internal divider of the lining is approximately 1 inch shorter than the full height of the case.
2. Measure the finished knitted item.
3. Cut the lining fabric 8 inches longer than the final height of the knitted item, allowing a little extra on all sides for the seams.
4. Fold the lining in half with WS together (A to A, B to B) (see diagram for guidance) – sew a line at the top of the fold to secure the fold, sew a second line 4 inches away from the center fold through both thicknesses of lines AB to create the internal divider.

6. Fold knitted item in half with RS together so that cast on and top edges meet and sew side seams using the knitting yarn.
7. With RS of knitted case facing, insert the lining fabric inside the case and pin down the fabric to the wrong side of the knitted item, making sure the center divider is in the middle of the case. Fold the seam allowance at the top of the case to match the edge of the knitted item and sew together. With sewing thread, sew line AB to folded edge of knitted piece.
8. Insert a zipper and sew together.
9. With a sewing thread sew around the outer openings to create little pockets, (sewing together the knitted item and the lining fabric - take extra care not to sew to the other side of the case by mistake).
